

DMS Elowave[®] Nonwoven Carding Machine

Equipment for textile and nonwoven process line

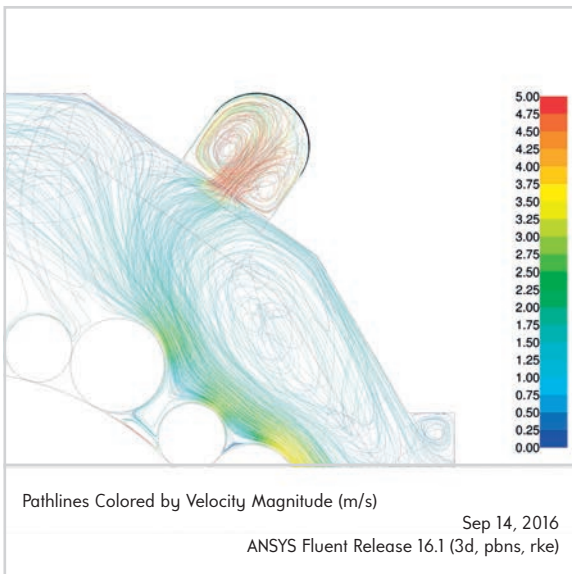

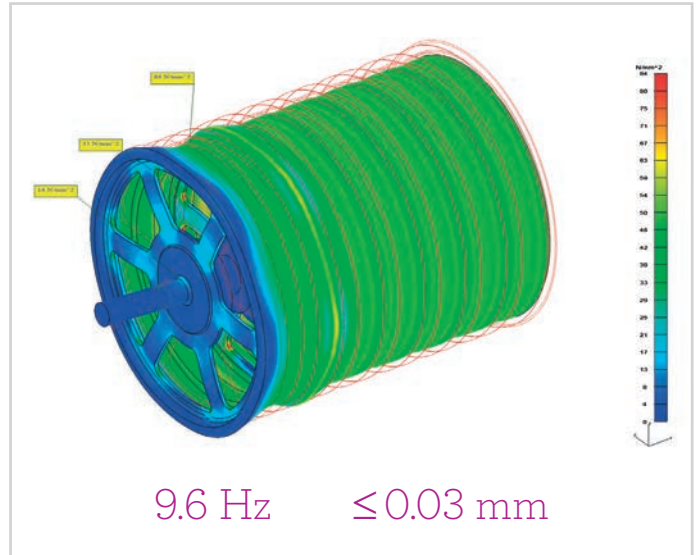

-
- Ultimate quality process and reliability
 - High productivity for your high-end products
 - Friendly operator system

Fives implements its technical expertise in a new process

Over the last two years, Fives and its partner, a major textile equipment leader, installed more than 15 machines in the textile sector. Fives has designed DMS Elowave® Nonwoven Carding Machine and intends to further develop the technology for nonwoven processing lines. DMS Elowave® Nonwoven Carding Machine is a breakthrough in technology in the woven and nonwoven markets.

DMS ELOWAVE® NONWOVEN CARDING MACHINE, A FIVES' INNOVATION
